

**1. TITLE OF THE CERTIFICATE (HU)**

31 582 10 0100 31 01 Épületmechanikai szerelő

2. TRANSLATED TITLE OF THE CERTIFICATE (EN)

Building mechanics

(THIS TRANSLATION HAS NO LEGAL STATUS)

3. PROFILE OF SKILLS AND COMPETENCES**A typical holder of the certificate is able to:**

- interpret documents relating to general mechanical engineering and building mechanics work, make simple technical drawings, working documents;
- select, inspect, perform the maintenance of and use machines, tools, measuring equipment and protective equipment used for general hand machine and small machine assisted metal forming operations;
- work building mechanics related materials, semi-finished products and workpieces using basic manual operations, cutting and manual small machine aided processes;
- install and uninstall detachable and undetachable joints;
- apply anti-corrosive coatings;
- assemble and fit together building engineering units;
- carry out on-site fitting work (also in heights);
- inspect adequacy of completed building mechanical works;
- carry out building engineering maintenance work and repairs;
- comply with and causing others to comply with work safety, accident, fire and environmental protection rules pertaining to working in a general mechanical engineering and special building engineering environment.

4. RANGE OF OCCUPATIONS ACCESSIBLE TO THE HOLDER OF THE CERTIFICATE

7421 Mechanical fitter

(*) Explanatory notes:

This document is designed to provide additional information about the specified certificate and does not serve as a legal certificate of vocational qualification. The format of the description is based on the following documents:

Council Resolution 93/C 49/01 of 3 December 1992 on the transparency of qualifications; Council Resolution 96/C 224/04 of 15 July 1996 on the transparency of vocational training certificates, and Recommendation 2001/613/EC of the European Parliament and of the Council of 10 July 2001 on mobility within the Community for students, persons undergoing training, volunteers, teachers and trainers.

More information on transparency is available at: <http://europass.cedefop.europa.eu/>

5. OFFICIAL BASIS OF THE CERTIFICATE

Name and status of the institute issuing the certificate	Name and status of the national/regional authority providing accreditation/recognition of the certificate In the case of vocational qualifications belonging to the competence of the Ministry of Social Affairs and Labour (SZMM), a vocational qualification-related independent professional committee commissioned by the SZMM	
Level of the certificate (national or international) Level of vocational qualification according to the National Qualification Register: 31 Intermediate vocational qualification entitling the holder to fill positions requiring physical work, which is based on the input theoretical and practical knowledge elements determined in the vocational and examination requirements (hereinafter: input competence) or on the basic school qualification certified with the completion of the eighth grade. ISCED97 code: 3CV	Grading scale / Pass requirements The average of the percentage of the performance achieved per examination part, taking into consideration the vocational and examination requirements, expressed as a grade: 81-100% excellent (5) 71-80% good (4) 61-70% satisfactory (3) 51-60% pass (2) 0-50% fail (1)	
	The code and name of the vocational requirement module, and the result achieved in the examination part associated with the requirement module expressed in %:	
Certificate number: PT K Serial number: 123456	0110-06 General tasks in occupational safety and health, fire and environmental protection relating to mechanical engineering	100%
	0111-06 General mechanical engineering technology tasks I (mechanic)	100%
	0220-06 Mechanical bonding tasks	100%
	0224-06 Fitting tasks performed at heights	100%
Certificate issue date: 2021.06.18	The performance of the examinee achieved at the vocational examination expressed in %:	100%
	The performance of the examinee achieved at the vocational examination expressed as a grade:	5
Access to next level of education/training To secondary education	International agreements	
Other information concerning the vocational training process		
Legal basis Act LXXVI of 1993 on Vocational Training, Regulation no. 21/2007. (V. 21.) SZMM.		

6. OFFICIALLY RECOGNISED WAYS OF ACQUIRING THE CERTIFICATE

Description of vocational education and training received	Percentage of total programme %	Duration (hours/weeks/months/years)
School-/training centre-based	Theory: 30 % Practice: 70 %	
Workplace-based		
Accredited prior learning		
Total duration of the education/training leading to the certificate		1400 hours
<p>Entry requirements: The course can be undertaken in possession of the competences defined for the mechanical engineering vocational group; Or Elementary level qualification certified by the completion of the eighth grade; Vocational aptitude requirements; Medical fitness examination.</p> <p>This certificate supplement was prepared on the basis of the instruction for filling in the Certificate Supplement published on the homepages of the National Reference Point and the National Europass Centre.</p> <p>National Reference Point – NSZFH – http://nrk.nive.hu</p>
