

**1. TITLE OF THE CERTIFICATE (HU)**

31 5216 19 VASSZERELŐ

**2. TRANSLATED TITLE OF THE CERTIFICATE (EN)**STRUCTURAL IRON AND STEEL WORKER  
(THIS TRANSLATION HAS NO LEGAL STATUS)**3. PROFILE OF SKILLS AND COMPETENCES****A typical holder of the certificate is able to:**

- recognize the characteristics of traditional and modern reinforced concrete structures, the primary, supplemental and special demands that must be met by them;
- recognize the buildings' structural systems;
- recognize the primary theories of commercial product manufacturing;
- interpret assembly plans, design documents, (with help) interpret the more complicated assembly plans;
- determine the forces effecting structural components, the limits for developing products, inappropriate, unprofessional implementation, the technical condition of receiving structures, their flaws;
- manufacture reinforced concrete structures, using traditional and modern methods;
- even, size, bend, and lengthen steel inserts;
- manufacture structures on the basis of a production or assembly plan on site, or in a factory environment;
- manufacture traditional and modern bindings;
- perform the on-site installation of semi-finished products.

**4. RANGE OF OCCUPATIONS ACCESSIBLE TO THE HOLDER OF THE CERTIFICATE**

7613 Reinforced concrete worker

**(\*) Explanatory notes:**

This document is designed to provide additional information about the specified certificate and does not serve as a legal certificate of vocational qualification. The format of the description is based on the following documents:

Council Resolution 93/C 49/01 of 3 December 1992 on the transparency of qualifications; Council Resolution 96/C 224/04 of 15 July 1996 on the transparency of vocational training certificates, and Recommendation 2001/613/EC of the European Parliament and of the Council of 10 July 2001 on mobility within the Community for students, persons undergoing training, volunteers, teachers and trainers.

More information on transparency is available at: <http://europass.cedefop.europa.eu/>

Complex Task (Knowledge of Materials and Manufacturing, Vocational Skills)	5																		
Grade of Written Examination	5																		
Topics/subjects of oral examination																			
Knowledge of Materials and Production	5																		
Vocational studies	5																		
Grade of Vocational Theory	5																		
Possible Vocational Tasks (Measurements, Marking Tasks, Evening, Cutting, Bending, Manufacturing Traditional Bindings, Manufacturing Modern Connecting Elements, Manufacturing Metal Components of Girders and Beams, Equipping Sheeting Structures With Metal, Making the Metal Parts of Stairs, Making Metal Parts of Columns, Pillars, Frame Structures, Console Structures, Manufacture Steel Frame Structures, Reinforced Concrete Assembly of Structures With Arched and Composite Appearance, Monitoring of Receiving Structures)	5																		
Grade of Vocational Practice	5																		
<b>Access to next level of education/training</b>  To secondary education	<b>International agreements</b>																		
<b>Other information concerning the vocational training process</b>																			
<b>Legal basis</b>  Act LXXXVI of 1993 on vocational training, Decree 27/2001 (VII. 27.) OM of the Minister of Education on the amendment of Decree 7/1993 (XII. 30.) MüM of the Minister of Labour on the National Qualifications Register, Decree 26/2001 (VII. 27.) OM of the Minister of Education on the general rules and rules of procedure of vocational examinations, Decree 18/1995. (VI.6.) of the Minister of Industry and Trade (IKM) on vocational and examination requirements of structural iron and steel worker.																			

## 6. OFFICIALLY RECOGNISED WAYS OF ACQUIRING THE CERTIFICATE

Description of vocational education and training received	Percentage of total programme %	Duration (hours/weeks/months/years)
School-/training centre-based	Theory: 30 % Practice: 70 %	
Workplace-based		
Accredited prior learning		
Total duration of the education/training leading to the certificate		800 hours

### Entry requirements:

- reaching 18 years of age,
- health fitness, completed elementary education.

### Further information:

MANDATORY VOCATIONAL THEORETICAL SUBJECTS

Filled in by the exam organiser.

MANDATORY VOCATIONAL PRACTICAL SUBJECTS

Filled in by the exam organiser.

### Further information (including the description of the national grading method):

The basis of the grading system is a list of vocational and examination requirements compiled in accordance with uniform criteria and structure, issued in the form of legal regulation that includes the following:

- identification number and description of the vocational qualification as specified in OKJ and the relevant FEOR number,
- school and vocational prequalification required for the start of the training, aptitude and vocational competence requirements and prescribed practice,
- the most typical occupation or activity accessible to the holder of the vocational qualification certificate, the short job description, and the list of related vocational qualifications,
- the duration of the training required for the vocational qualification; maximum number of hours; the ratio of theoretical and practical training; the number of vocational training classes in the vocational training school; the duration of initial training period; the possibility of organising a grade examination assessing the efficiency of practical training,
- occupational requirements of vocational qualification,
- requirements pertaining to vocational examination.

The vocational and examination requirements will be classified by the occupational group committees of the National Qualification Register (OKJ) and by the National Council for Vocational Training, and subsequently they will be issued in the form of legal regulations.

Vocational and examination requirements are available at: <http://www.nive.hu>

This certificate supplement was prepared on the basis of the instruction for filling in the Certificate Supplement published on the homepages of the National Reference Point and the National Europass Centre.
