

**1. TITLE OF THE CERTIFICATE (HU)**

31 5216 10 GÁZVEZETÉK- ÉS KÉSZÜLÉKSZERELŐ

**2. TRANSLATED TITLE OF THE CERTIFICATE (EN)**GAS PIPING AND EQUIPMENT FITTER  
(THIS TRANSLATION HAS NO LEGAL STATUS)**3. PROFILE OF SKILLS AND COMPETENCES****A typical holder of the certificate is able to:**

- individually organize, carry out and control his practical work using the theoretical basics;
- follow the changes and improvements in the field of his trade;
- perform work according to plans, regulations, standards and industrial safety and fire prevention regulations;
- perform professional tasks in the field of gas supply and the following other major fields:
  - = in case of laying a new section of gas pipeline:
  - = perform careful study of the construction plan and the technical documentation attached to it (estimate etc.), prepare the installation process.
  - = to transport the materials for installation onto the worksite, to ensure their professional and safe storage.
  - = to install a new section of pipeline with the associated fittings and engineering structures.
  - = carry out in-house and official pressure tests and leak tests, conduct commissioning.
  - = In case of repair of an operating pipe section:
    - = isolate, cut out and identify the pipe section to be repaired.
    - = degas the isolated pipe section.
    - = carry out pressure and leak tests after repair.
    - = restore isolation, pressurize the pipe section.
    - = carry out follow-up earthworks, restore the site.
  - = in the case of household gas devices:
    - = after identifying the reason of malfunction decide if it can be repaired on site or in the workshop,.
    - = carry out the repair of device on site or in workshop.
    - = verify the proper operation of the installed device and adjust it after repair when needed.
    - = document the repair and operability.
    - = brief the customer on the use of gas device according to regulation.
    - = identify the improper operating habits causing malfunction, and provide advice on proper operation.

**4. RANGE OF OCCUPATIONS ACCESSIBLE TO THE HOLDER OF THE CERTIFICATE**7621 Gas piping and equipment fitter  
7621 Pipe network fitter**(\*) Explanatory notes:**

This document is designed to provide additional information about the specified certificate and does not serve as a legal certificate of vocational qualification. The format of the description is based on the following documents:

Council Resolution 93/C 49/01 of 3 December 1992 on the transparency of qualifications; Council Resolution 96/C 224/04 of 15 July 1996 on the transparency of vocational training certificates, and Recommendation 2001/613/EC of the European Parliament and of the Council of 10 July 2001 on mobility within the Community for students, persons undergoing training, volunteers, teachers and trainers.

More information on transparency is available at: <http://europass.cedefop.europa.eu/>

**Further information (including the description of the national grading method):**

The basis of the grading system is a list of vocational and examination requirements compiled in accordance with uniform criteria and structure, issued in the form of legal regulation that includes the following:

- identification number and description of the vocational qualification as specified in OKJ and the relevant FEOR number,
- school and vocational prequalification required for the start of the training, aptitude and vocational competence requirements and prescribed practice,
- the most typical occupation or activity accessible to the holder of the vocational qualification certificate, the short job description, and the list of related vocational qualifications,
- the duration of the training required for the vocational qualification; maximum number of hours; the ratio of theoretical and practical training; the number of vocational training classes in the vocational training school; the duration of initial training period; the possibility of organising a grade examination assessing the efficiency of practical training,
- occupational requirements of vocational qualification,
- requirements pertaining to vocational examination.

The vocational and examination requirements will be classified by the occupational group committees of the National Qualification Register (OKJ) and by the National Council for Vocational Training, and subsequently they will be issued in the form of legal regulations.

Vocational and examination requirements are available at: <http://www.nive.hu>

This certificate supplement was prepared on the basis of the instruction for filling in the Certificate Supplement published on the homepages of the National Reference Point and the National Europass Centre.
