Legal basis Act CLXXXVII of 2011 on Vocational Training Decree 27/2012 (27 August) of the Minister for National Economy on the professional and examination requirements of vocational qualifications falling within the competence of the Minister for National Economy.																				

6. OFFICIALLY RECOGNISED WAYS OF ACQUIRING THE CERTIFICATE

Description of vocational education and training received	Percentage of total programme %	Duration (hours/weeks/months/years)
School-/training centre-based	Theory: 40 % Practice: 60 %	
Workplace-based		
Accredited prior learning		
Total duration of the education/training leading to the certificate		2 years

Entry requirements:

- Baccalaureate.

Vocational requirement modules:

10007-12 IT and technical basics
 10005-12 Core activities of the electric power industry
 10003-12 Basics of control technology
 10018-12 Power installations
 10017-12 Power measurement
 10016-12 Operation of power devices

This certificate supplement was prepared on the basis of the instruction for filling in the Certificate Supplement published on the homepages of the National Reference Point and the National Europass Centre.
