6. OFFICIALLY RECOGNISED WAYS OF ACQUIRING THE CERTIFICATE

Description of vocational education and training received	Percentage of total programme %	Duration (hours/weeks/months/years)
School-/training centre-based	Theory: 40 % Practice: 60 %	
Workplace-based		
Accredited prior learning		
Total duration of the education/training leading to the certificate		960 hours

Entry requirements:

- Secondary school final exam

Vocational requirement modules:

- 11099-12 Requirements governing the operation of power plant machines
- 11100-12 Control, installation and switching off of power plant boilers
- 11101-12 Operation of power plant boiler
- 11102-12 Maintenance of steam turbines and breakdown repair
- 11445-12 Control, installation and switching-off of power plant steam turbines
- 11498-12 Employment I. (in training courses based on secondary school-leaving examination)
- 11500-12 Occupational health and safety

This certificate supplement was prepared on the basis of the instruction for filling in the Certificate Supplement published on the homepages of the National Reference Point and the National Europass Centre.
