6. OFFICIALLY RECOGNISED WAYS OF ACQUIRING THE CERTIFICATE

Description of vocational education and training received	Percentage of total programme %	Duration (hours/weeks/months/years)
School-/training centre-based	Theory: 90 % Practice: 10 %	
Workplace-based		
Accredited prior learning		
Total duration of the education/training leading to the certificate		120 hours

Entry requirements:

- Vocational prerequisites: 34 522 04 Electrician,
- Required professional experience: 3 years of professional experience after obtaining the required qualification

Vocational requirement modules:

11268-12 Inspection of the compliance of high-voltage equipment with standards

This certificate supplement was prepared on the basis of the instruction for filling in the Certificate Supplement published on the homepages of the National Reference Point and the National Europass Centre.
