EUROPASS CERTIFICATE-SUPPLEMENT (*)

1. TITLE OF THE CERTIFICATE (HU)

54-521-03 Gépgyártástechnológiai technikus

2. TRANSLATED TITLE OF THE CERTIFICATE (EN)

Machine manufacturing technological technician (THIS TRANSLATION HAS NO LEGAL STATUS)

3. PROFILE OF SKILLS AND COMPETENCES

A typical holder of the certificate is able to:

- perform technical and quality-related planning, management and control of the manufacturing, use, maintenance and repair of machinery, mechanical equipment and components; ensure the performance and operation required by regulations;
- carry out preliminary planning of the production and assembly costs and the material and workforce need of the machinery and mechanical equipment;
- manage the arrangement and insertion of available equipment into the system, put new equipment into operation, adjust machinery before product or shift changes;
- eliminate and examine breakdowns and quality problems;
- ensure the uninterrupted supply of raw materials and maintain the conditions of the manufacturing activity;
- monitor the manufacturing of new products, indicate and eliminate initial problems (design flaws, technological and documentation deficiencies, etc.);
- carry out activities related to the research and development of machinery and mechanical equipment, facilities and components and to the testing of prototypes;
- assemble, install and repair on site new and modified mechanical equipment, components, machine tools, control systems and pneumatic and hydraulic propulsion systems;
- ensure the compliance of the mechanical design and the completed work with the technical description, regulations and contractual terms and conditions.

4. RANGE OF OCCUPATIONS ACCESSIBLE TO THE HOLDER OF THE CERTIFICATE

3116 Mechanical engineering technician

(*) Explanatory notes:

This document is designed to provide additional information about the specified certificate and does not serve as a legal certificate of vocational qualification. The format of the description is based on the following documents:

Council Resolution 93/C 49/01 of 3 December 1992 on the transparency of qualifications; Council Resolution 96/C 224/04 of 15 July 1996 on the transparency of vocational training certificates, and Recommendation 2001/613/EC of the European Parliament and of the Council of 10 July 2001 on mobility within the Community for students, persons undergoing training, volunteers, teachers and trainers.

More information on transparency is available at: http://europass.cedefop.europa.eu/

5. OFFICIAL BASIS OF THE CERTIFICATE			
Name and status of the institute issuing the certificate	Name and status of the national/regional authority providing accreditation/recognition of the certificate Ministry for National Economy		
Level of the certificate (national or international)	Grading scale / Pass requirements		
Level of vocational qualification according to the National Qualification Register: 54 advanced vocational qualifications, which require the completion of the secondary school leaving exam and may be obtained primarily in formal education ISCED2011 code: 4	Five -grade: 5 excellent 4 good 3 satisfactory 2 pass 1 fail		
NQF level: 5			
EQF level: 5			
Certificate number: PT K	Results achieved at the examination and their proportion expressed in percentage in the complex mark		
Serial number: 123456	Central written Production planning examination and plant management 5 30.00		
Certificate issue date: 2023.10.02	Oral Tasks of a machine examination manufacturing 5 20.00 technological technician		
	Practical examination Production procedures 5 50.00		
	Result achieved at the complex vocational examination, expressed in grades.		
Access to next level of education/training	International agreements		
to higher education			

Other information concerning the vocational training process

Legal basis

Act CLXXXVII of 2011 on Vocational Training

Decree 25/2017 (VIII. 31.) NGM of the Minister for National Economy amending Decree 27/2012 (VIII. 27.) NGM of the Minister for National Economy on the professional and examination requirements of vocational qualifications falling within the sphere of competence of the Minister for National Economy.

Serial number: 1 2

6. OFFICIALLY RECOGNISED WAYS OF ACQUIRING THE CERTIFICATE		
Description of vocational education and training received	Percentage of total programme %	Duration (hours/weeks/months/years)
School-/training centre-based	Theory: 50 % Practice: 50 %	
Workplace-based		
Accredited prior learning		
Total duration of the education/training leading to the certificate		2 years

Entry requirements:

- $\hbox{- Secondary school-leaving examination}\\$
- Requirements for medical fitness shall be met

Vocational requirement modules:

10163-12 Occupational safety and environmental protection in mechanical engineering

10162-12 Basic tasks in mechanical engineering

10172-12 Test room activities

10169-12 Cutting technology using traditional and CNC machine tools

10170-16 Production planning and production management

10171-16 Maintenance and operation of machines

11498-12 Employment I (for courses based on secondary school-leaving examination)

11499-12 Employment II

This certificate supplement was prepared on the basis of the instruction for filling in the Certificate Supplement published on the homepages of the National Reference Point and the National Europass Centre.
